PRICES AND INFO**

# THE FULL FERRIS PROGRAM

The Full Ferris (advanced) program is for dogs who are needing rehabilitation in the areas of dog/animal aggression, severe reactivity, human aggression, severe fear/anxiety and/or for owners who are seeking more advanced real-world obedience & safe Off-Leash Reliability with their dog.

## It covers:

- **Everything included in Bundy's Basics Program** (i.e. all the basic foundations of dog training)
- Targets the **specific issues you're seeing**, especially more serious or complex issues as noted above
- **No time restraints**; sessions are as long as they need to be
- **Training in real-world locations** where you will need the training going forward
- Safe **Off-Leash Reliability** if applicable (guaranteed by the end of the program as long as you are following instructions and putting in the work)

# THE FULL FERRIS PROGRAM

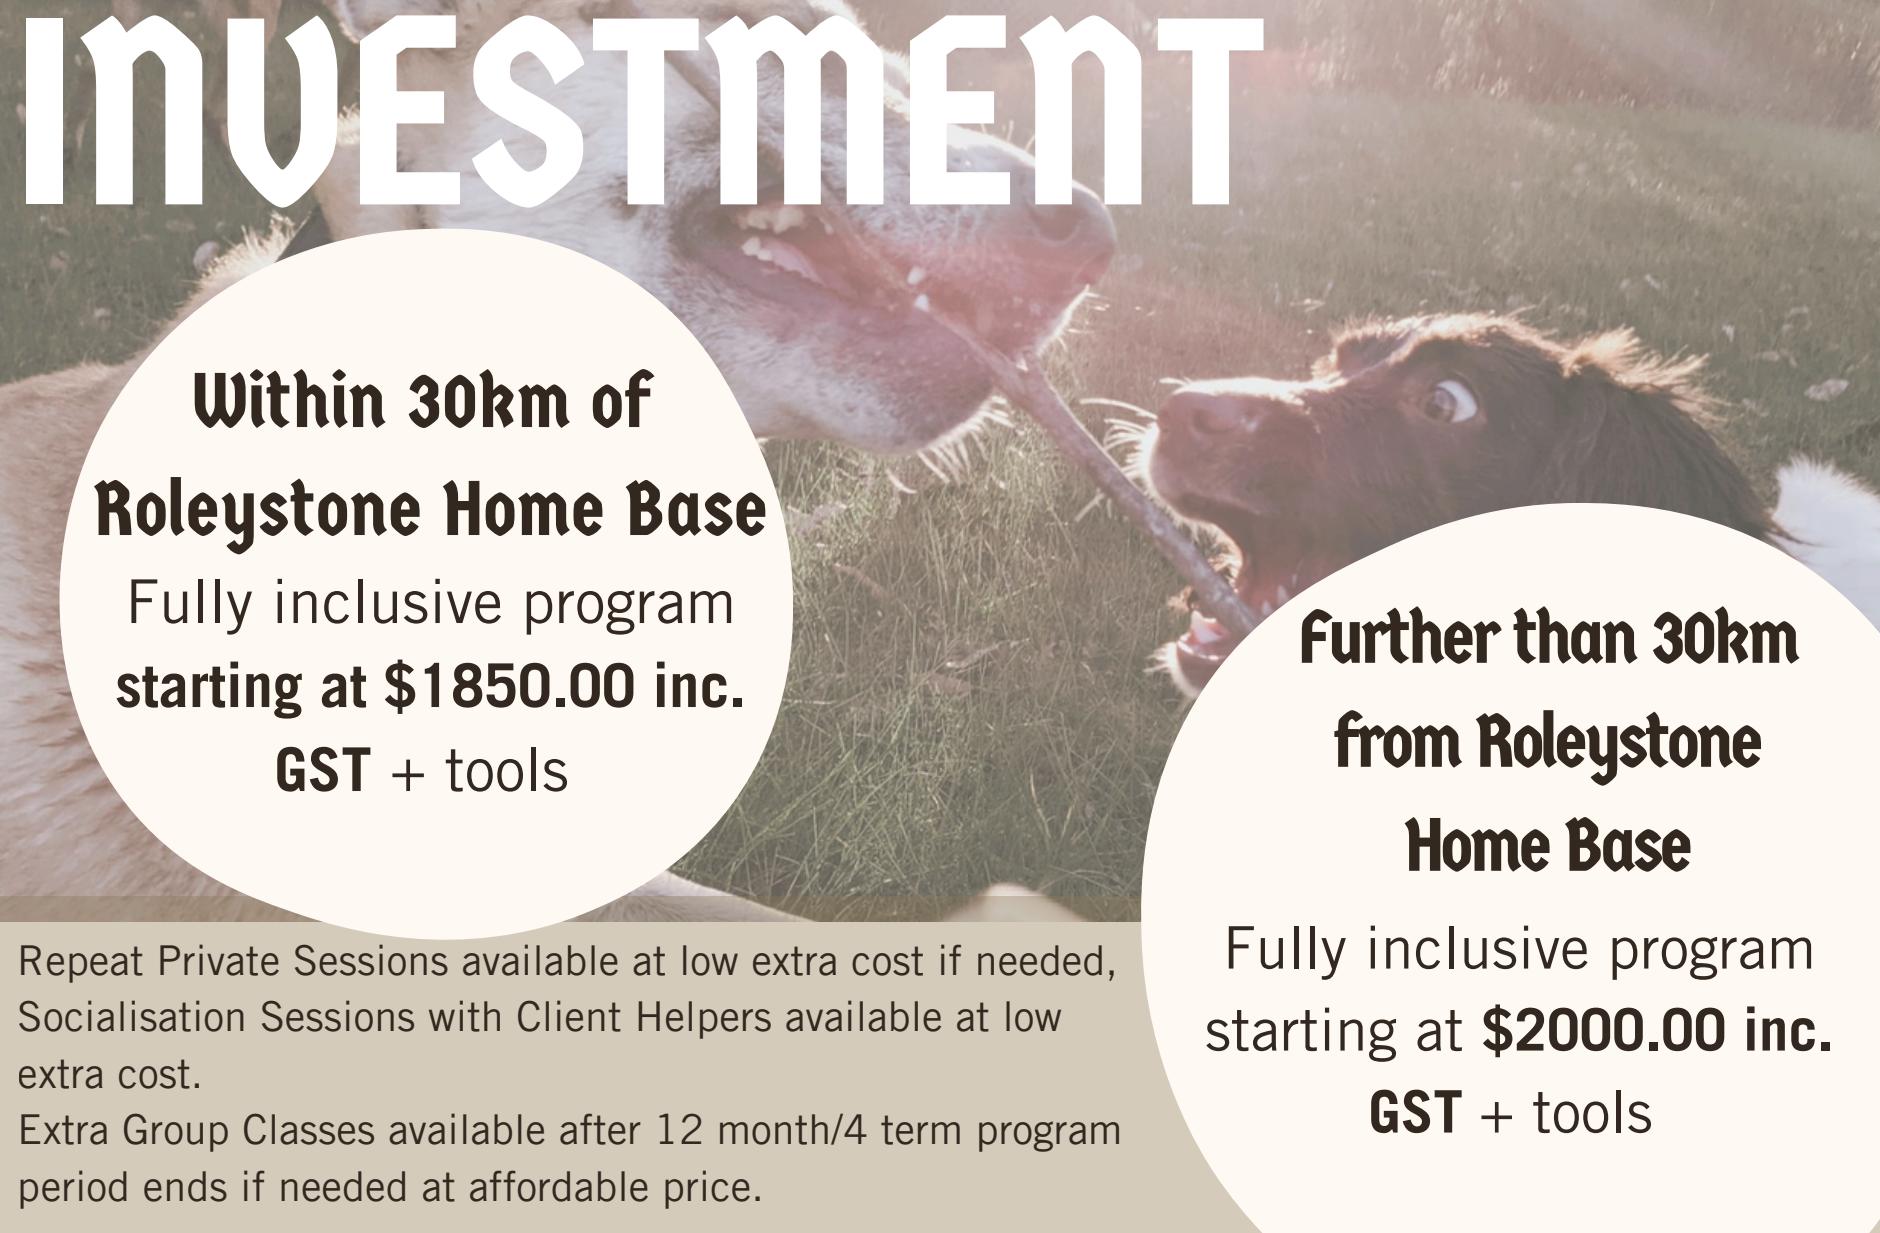

## What's Included?

- **Includes a block of Private Sessions (normally 4-6) personalised to your goals;** most of these are all done either at your home or in real-world locations you might like to work at - other than Session 1, you can ask me about this at the evaluation if you have questions
- Access to **12 months (4 terms) worth of group classes;** further group classes available to purchase in term blocks if needed
- Includes **Lifetime Client Facebook Group Access**
- **Online assistance & lifetime access to all of my Online Content via my Online Client Portal**
- **Training Tools** included in the program, yours to keep forever
- **Extra sessions free of charge if your dog needs them;** if your dog is progressing more slowly than we expected regardless of you putting in the work and following instructions I am happy to do extra sessions at no extra cost. If you want to add a repeat session of something we have already done you can do so at any time at a low extra cost.

## GETTING STARTED - THE EVALUATION

An obligation-free initial evaluation to answer any and all questions you may have before beginning training. If you aren't sure whether you need a one-off session, basic program or advanced program, the evaluation is where to start. The evaluation is also where I can assess your dog and give basic advice on the situation. From here, I will write up a personalised quote specific to your dog and situation.

The evaluation normally takes around 1-1.5 hours and **I run this from my location in Roleystone.** *Please note, for advanced programs I also run Session 1 from my home, but all other sessions are at your home or wherever you would like to work.*

***Worried your dog won't 'act up' at my place? Read the next page :)***

We will discuss training techniques, suggestions and possibilities as well as the differences between the options I offer so you can make the best choice moving forward.

**Evaluation Cost: \$165.00 (\$150.00 + GST)**

Includes assessment, basic advice, personalised quote to your dog and situation.

# THE FULL FERRIS PROGRAM

## The Evaluation - worried your dog won't 'act up' at my place?

- Firstly, don't worry, my programs and private sessions are run wherever you need to work - at your home or local park, it is only the initial evaluation that is generally run from my property. I will get to see the problem behaviour in due time.
- Also don't worry if you don't think your dog will "show the behaviour" at my property. I have been a dog trainer and worked in dog behaviour myself for over 10 years now - I know what the behaviour looks like! If you're really concerned I need to see it, take a video and send it to me via Facebook or Whatsapp - but, I've been doing this a while now, I know what I need to assess/see from your dog and I can set up everything I really need from my property with my helper dogs.

**If you're unsure whether you need a basic or full program, don't worry! That's what the evaluation is for.**

You could even choose to book a one-off session after your evaluation if you wanted. The evaluation is obligation free and allows us to assess what your dog needs for best results. To book an evaluation for a program, just contact us!
